Tech Stack to use

Technology	Stack	Why
Data Base	Postgres	This Relational DataBase is more trustworthy than MySql
Back End	Go - Fiber Framework	fast and reliable. Fastest HTTP client and similar to Express.js
Front-End	Next	better than react.js
API Design	Postman	
API Documentation	Postman	Useful to document API endpoints
Git	GitHub	
Infrastructure (PaaS)	AWS S3, EC2, API Gateway, ECS, RDS	Multiple technologies that can be added
Containers	Docker
